DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mark D. Saralino, Reg. No. 34,243, on 27 June 2005.

The application has been amended as follows:

In the Claims:

In the last line of claim 17, the phrase " $\Delta n.d/\lambda = 0.487$ " has been replaced with " $\Delta n.d/\lambda = 1.414$ ".

In claim 18, the phrase " θ = -± 22.5°" has been replaced with "" θ = ± 45°".

In claim 19, the phrase " θ = -± 12.5°" has been replaced with "42.5° \leq $|\theta| \leq$ 45° or 132.5° \leq $|\theta| \leq$ 135°".

In the last line of claim 20, the phrase " $\Delta n.d/\lambda = 0.55$ " has been replaced with " $\Delta n.d/\lambda = 0.105$ ".

In claim 21, the phrase " θ = -± 17.5°" has been replaced with "" θ = ± 44°".

End of examiner's amendment.

Allowable Subject Matter

- 2. Claims 1-15, 17-21, and 23-34 are allowed.
- 3. The following is an examiner's statement of reasons for allowance:

The prior art does not disclose the device of claim 1, in particular the additional limitation (amended from the previous claim 22) that the polarization rotator has the particular range of values $175^{\circ} \le |\gamma| \le 180^{\circ}$. Claim 1 is therefore allowed, as are claims 2-15, 23, and 24, which depend on it.

Similarly, the prior art does not disclose the device of claims 17-21, 33, and 34, in particular the additional limitation that the polarization rotator has the particular range of values $175^{\circ} \le |\gamma| \le 180^{\circ}$. Claims 17-21, 33, and 34 are therefore allowed.

The prior art does not disclose the device of claim 25, in particular a parallax barrier comprising the polarization rotator recited in the original claim 1. The nearest prior art, *Morishina*, was discussed in the Office Action of 5 October 2004. Claim 25 is therefore allowed, as are its dependent claims 26-32.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Andrew Schechter whose telephone number is (571) 272-2302. The examiner can normally be reached on Monday - Friday, 9:00 - 5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Robert H. Kim can be reached on (571) 272-2293. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
